Economic Manuscripts (On Agrarianism and Companies which are then seen in a Notation)

By Karl Marx

Table of Contents

I. Financial companies and their financial transactions
II. International reproduction schemas (Volume III of Capital)

Which is about even films, glamorous life and such cinema high forms for the financial trade to be Jewish.

III. Agriculture and peasants

IV. Ratios of cotton, linen and so in fact textile from agriculture and even garment sectors, even vocational studies in France

V. Tribal peasants and ecology
VI. All read with a dash of love for the totality – not just Jewish remarks each day.

I. Financial companies, agrarian peasants and manufacturing working classes with in fact many sectors in the

national and world context.

II. How to See the World from the perspective of the Agrarian Question in Marx

III. Tribal peasants and their ecological question.

In fact then a national circumstance in the Algerian question is

seen in this fashion – types of retail capital and types of business and public sector capital with a dash of race – and then white settler colonialism in the landowning sections – race and developments of the liberation by a Blanquism we defend.
